

Dear Parents,

As we approach the end of the Spring term, as well as looking forward to some drier, warmer weather we are also excited that the Y4 production and Y3 showcase are coming up. From what we have overheard during rehearsals, we are all in for a treat. Have a lovely weekend.

Kind regards, Sarah Vass, Headteacher

Week starting Monday 18th March :

Spring Menu, Week 3

Red Nose Day

Thank you for your support with our fundraiser for Comic Relief today. We are still counting the donations but the grand total will be confirmed next week!

Lost Property

Missing something? Have you checked Lost Property recently? We currently have a lot of unnamed items that our Y6 monitors cannot return to the owners. We will be clearing this out before the Easter break so please take the opportunity to check before the end of term.

KS1 Swimming Helpers

Thank you to those parents who have already contacted the school office to confirm they can assist with the KS1 swimming lessons this year, it is much appreciated.

Please let us know as soon as possible if you would like to assist as we need to allow sufficient times for the DBS checks to be completed prior to the start of the swimming timetable in April.

Diary Dates:

26th March - Y4 Production of 'Robin and the Sherwood Hoodies' (to the rest of the school am, then evening to Parents @ 6pm)

27th March - Y3 Showcase to Parents (1.45pm)

28th March - Last day of the Spring term

29th March to 12th April - Easter Holidays

15th April - Start of the Spring term

21st May - Y6 Bikeability starts (various dates until 12th June)

21st May - Communication Station @ GTPS

27th May to 31st May - Half Term

3rd June - INSET Day

Y6 - Outdoor Learning

Last Wednesday, Year 6 had the opportunity for outdoor learning; there were a variety of activities that we all found enjoyable. Firstly, we did mini beast hunting (which means we looked for bugs and had to classify them).

After this, we made a classification key for a selection of leaves. Thirdly, we investigated owl pellets which are what owls produce from their mouths. The pellets contained bones of the owl's prey as they can't digest them.

Finally, we sat by the pond and painted what we could see using water colours.

The day was hosted by Mrs Houlding and it was a lot of fun.

Thank you Sarah.

By James, Amelie, George and Huxley.
